

★★★★★ OVERALL MORNINGSTAR RATING™

Quantified Market Leaders Fund (QMLFX) was rated against the following numbers of U.S. Allocation 50% - 70% Equity funds over the following time periods: 659 funds overall, 659 funds in the last three years, and 601 funds in the last five years. With respect to these Allocation 50% - 70% equity funds, Quantified Market Leaders Fund received a 5 star rating overall, 5 stars for three years and 5 stars for five years.

Morningstar Rating is for the Investor share class only; other classes may have different performance characteristics.

**INVESTMENT OBJECTIVE**

The Fund seeks high appreciation on an annual basis consistent with a high tolerance for risk.

**ABOUT THE FUND**

The Quantified Market Leaders Fund is an active asset allocation strategy designed to overweight portfolio investments into the top-performing asset classes while eliminating exposure to under-performing assets. The strategy drills down into the asset classes selected for the top performing segments of each selected class. Sectors are also employed and two different tactical overlays, one macro and the other specific to the sectors employed, are designed to be utilized for further risk reduction.

The DJ Wilshire 5000 Total Market Index measures the performance of all U.S. equity securities with readily available price data. Named after the 5000 equities it contained when it was originally created, the Index has since grown to include over 5,000 issues.

It is not possible to directly invest in any index.

***An investor should carefully consider the investment objectives, risks, charges and expenses of the Quantified Funds before investing. This and other information can be found in the Funds' prospectus and summary prospectus, which can be obtained by calling 1-855-650-7453. The prospectus should be read carefully prior to investing in the Quantified Funds.***

High portfolio turnover may result in higher transaction costs and higher taxes when fund shares are held in a taxable (non-qualified) account. Such costs are not reflected in annual fund operating expenses and may affect the Fund's performance.

There is no guarantee the fund will achieve its investment objective. There is no guarantee that any investment strategy will generate a profit or prevent a loss.

An investment in the Fund entails risk, including loss of principal.

The Fund presents some risks not traditionally associated with other equity mutual funds. Risks associated with the Quantified Market Leaders Fund are detailed in the prospectus and include active and frequent trading risk, aggressive investment techniques, asset-backed securities risk, commodity risk, counterparty risk, credit risk, derivatives risk, including futures and forward contracts, hedging, options and swap risks, equity securities risk, foreign securities risk, holding cash risk, interest rate risk, leverage risk, lower quality debt securities risk, prepayment risk and mortgage backed securities risk, risks relating to investing in other investment companies, including ETFs, shorting (inverse) risk, and risks associated with the subadvisor's investment strategy. For complete details regarding the risks and expenses of the Fund, please refer to the prospectus.

Flexible Plan Investments, Ltd. serves as subadvisor to the Quantified Funds, distributed by Ceros Financial Services, Inc. (Member FINRA/SIPC). Flexible Plan Investments, Ltd. and Ceros are not affiliated.

Advisors Preferred, LLC serves as investment advisor to the Quantified Funds. Advisors Preferred is a commonly held affiliate of Ceros. Gemini Fund Services is the transfer agent to the Funds and is not affiliated with the advisor, subadvisor or distributor.
